

**Specialists in the manufacture of
flashings, gutters, trims and ancillaries
for the roofing and cladding industry**

At South East Fabricators we pride ourselves on the quality of our products and services, building close working relationships with our clients. How can SEFAB help you with your projects?

- **No technical drawings - no problem.** We are happy to work from sketches and even accept site notes. Send your requirements via our email address or our dedicated WhatsApp phone. If we need clarification, we'll call you.
- **Need your flashings in a hurry?** We can offer 1 and 2 working day turnarounds subject to our workload at the time of order. Standard turnaround for conventional flashings is 3-5 working days.
- **Are you waiting for suppliers to receive stock to manufacture your orders?** - We have in excess of 100t of flat sheets continually in stock in a wide range of colours and finishes ready for immediate processing.
- **Do you only require a small number of flashings to complete your project?** We are happy to supply a single flashing or multiple flashings. No job is too small for us.
- **Quality products** - we use prime quality TATA pre-coated steel as standard. Other manufacturers are used upon request.

FLASHINGS AND TRIMS

All flashings and trims are manufactured to your specific requirements. Flashings are manufactured up to 3m lengths as standard, however, we can manufacture up to 4m lengths in certain materials and colour.

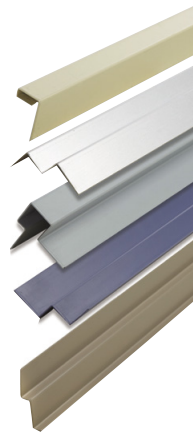

HAND PRESSED SHEETS

Is the profiled sheet you require no longer available? We can help. We can hand press the sheets to match your existing profile. Furthermore, if you are unsure what sheet you require, our sales team can assist you in identifying the profile.

CEDRAL WEATHERBOARD

We manufacture the colour matched aluminium trims for Cedral Weatherboard, both lap and click.

PROFILES

The types of flashings we can manufacture are almost limitless but here are a few of the more common profiles:

- Barge Boards/Corner Flashing
- Ridge/Apex Cap
- Drip Flashing
- Shadow Line Barge Board
- Wall Abutment Flashing
- Parapet Flashing
- Valley Flashing
- Door Head Flashing
- Zed Trim

NEED IT IN A HURRY? WE CAN OFFER 24 AND 48 HOUR TURNAROUNDS*

*Subject to our workloads at the time of order

“Fantastic support over the past few months, I have had a few dealings with Dave and the sales team. Very quick turnaround on orders & great to deal with. Thanks again!” – Kiernan Steel

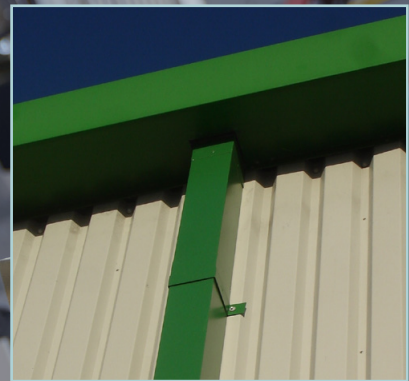

GUTTERS

We are able to manufacture a range of gutters to suit your requirements including trimline, heavy duty galvanised or aluminium (joggle jointed or joining straps) and membrane lined. The gutters are manufactured in standard 3m lengths but we are able to offer some colours and finishes in 4m lengths.

ACCESSORIES

We offer a range of rainwater goods accessories to compliment the gutters, including downpipes, swan neck, downpipe shoes, outlets and brackets.

All our gutters and accessories are manufactured to your specific requirements.

WIDE RANGE OF STOCK

Stock holding is critical to ensure rapid turnaround of products. We continually hold in excess of 100t of flat sheet in stock ready for immediate use. Sheet sizes are typically 3000 x 1250mm but other sizes are sometimes available. If you can't see what you require on the list to the right then give us a call as we may stock it or can most likely source it.

TATA STEEL

WE DELIVER NATIONWIDE. CALL OUR FRIENDLY TEAM FOR MORE DETAILS ON 01342 337200

*Delivery costs may apply.

“GeoRoof have been using SEFAB since 2020 and they have become a trusted supplier of quality flashings and metalworks with a great turnaround time and delivery options.” – GeoRoof

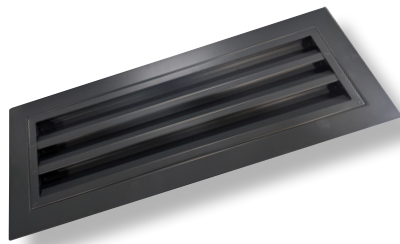

FABRICATIONS

Do you require a 'one off' or bespoke fabrication?

We have manufactured many non-standard products, both for the roofing and cladding industry and many not. We are happy to manufacture 'one off's' or multiples. Contact us to see if we can help you.

POWDER COATING

To enhance your products we can offer a powder coating service to virtually any RAL colour you require.

OUR BESPOKE FABRICATIONS HAVE INCLUDED:

- Aluminium Window Cills
- Sofits & Fascias
- Planters
- Industrial benches
- Chimney cowls
- Classic automotive components
- Numerous types of brackets
